Commitment

KMI is committed to maintaining an unsurpassed standard of excellence in safety, fabrication, customer relations and satisfaction, while adapting to ever-changing industry needs. We believe in providing products that meet and exceed our customer's expectations.

Experience

We offer over 150 years of experience and expertise in the complete fabrication process conforming to the gas and oil industry standards. Our solid reputation is directly related to our greatest asset... our employees.

Facility/Capabilities

KMI's facility is located on 40 acres, west of the Dallas/Fort Worth area in Mineral Wells, Texas. Our plant has 16,000 total sq ft of fabrication space. KMI's largest state-of-the-art shop spans 9,000 square feet and includes two 40 ton cranes for expert manufacturing ranging from large vessels to small and complete skid assemblies. KMI's location is central to servicing any location in the US and is just hours from the overseas shipping ports of Houston.
